

Insurance Claim Processing Standard Operating Procedure

1. Claim Submission

Claims must be submitted within 30 days of incident occurrence. Required documents: Claim form (completed), incident report, photos of damage. Exceptions require manager approval.

2. Initial Assessment

Upon receipt, claims are logged and assigned claim number. Initial assessment completed within 2 business days. If claim appears straightforward, approval issued within 5 business days.

3. Document Review

All submitted documents verified for authenticity. Medical claims require doctor's certificate. Property damage claims require third-party assessment. Incomplete documentation requires customer follow-up.

4. Claim Limits

Standard coverage limit is \$100,000 per incident. Maximum 3 claims per policy year. Claims exceeding limit require policy review and potential denial.

5. Payment Processing

Approved claims processed within 10 business days via bank transfer or check. Emergency claims (hospitalization) processed within 24 hours. All payments require 2-signature authorization.
