

KYC (Know Your Customer) Standard Operating Procedure

1. Identity Verification

All customers must provide government-issued photo ID. Accepted documents include: Passport, Driver's License, National ID. Verification must be completed within 24 hours of account opening.

2. Address Verification

Customers must provide proof of current address. Accepted documents include utility bills, bank statements, or official government correspondence dated within last 3 months.

3. Income Verification

Income verification is required for customers with annual transactions exceeding \$50,000. Acceptable documents: Tax returns (last 2 years), salary slips (last 3 months), or bank statements showing regular deposits.

4. PEP and Sanctions Screening

All customers must be screened against international PEP (Politically Exposed Person) lists and OFAC sanctions lists. Screening must be completed before account approval.

5. Risk Assessment

Assign risk rating: Low, Medium, High. High-risk customers require additional monitoring and approval from compliance officer.
